You like horses, dogs, fine clothes, beautiful pictures. You are interested in the sciences. You have a hobby for this or that. Were you ever interested in your fellow-man? Did you ever pick up a poor devil who was "down on his luck" and become his part, study him, give him a show to get his head above the waters of Poverty and Despair, and help to feel that God created him as well as the millionaire? Try it once as an experiment.—M. Quad.

The March Cosmopolitan.

Elizabeth Bisland, who recently married a wealthy New York lawyer, opens the March number of the Cosmopolitan with an article on the Cologne cathedral beautifully illustrated from photographs. Adam Badeau, the ex-consul general to London, contributes some personal reminiscences of one of the grand dames of England at whose house he was an habitudary, under the title of "Strawberry Hill and the Countess Waldergrave," and gives the later history of the favorite residence of Horace Walpole and its distinguished owner. Mr. Herbert of Muckross, ex-Guardsman, ex-bon vivant and friend of royalty, contributes a paper on his life when an officer of the guards. M. H. de Young, commissioner of the World's Fair from California, has a most interesting article on expositions, sketching the history of their rise and progressive development, and proving as far as bald statistics can, that the Chicago Fair will surpass all preceding ones. The illustrations accompanying this article are from the pen of Harry Fenn and adequately display to the readers the architectural glories of the Fair buildings. Patience Stapleton's story, "The Trailing Yew," is concluded, and Oscar Fay Adams appears with a delightfully amusing and satirical sketch entitled "An Archbishop's Unguarded Moment." Mrs. Sea's Mexican study is a gem of crystallized observation and color. Charles E. L. Wingate gives one of his careful and pleasant studies of the history of the stage in "Fair Imogen upon the Stage." The other papers in this number, are "A Night with a Leopard," a serio-comic adventure in Ceylon; "Political Cartoons of Tenniel," the great cartoonist of Punch; and a paper by the editor on the problem of "Aerial Navigation," which the Cosmopolitan has set itself to solve if it can. The departments are continued by Dr. Hale and Brander Matthews.

Bissell, general passenger agent of the Atlantic & Pacific, has sent out the following circular to the agent of that road in New Mexico: "To persons desiring to attend the Irrigation convention at Las Vegas, March 16, you may sell tickets to Albuquerque and return at one fare for the round trip. Tickets may be sold on March 13, 14, 15 and 16, and will be limited for return to and including March 25." The circular concludes with the sentence that the hotels will give a special rate of \$3.00 per day to the delegates.

The River de Flag, as the stream which flows through this place during the spring months has been named, has found a new outlet in the deep cut made last summer. In the new ditch an opening was found which was thought to be a small crevice in the rock. Since the snow began to melt during the last two weeks all the water has run into this crevice or hole. The ditch is carrying about one-fourth its capacity, and the new outlet will carry away all the new ditch will hold. Where does the water go to, and are we living over an immense cave?

At the meeting of Company I last evening the following changes in non-commissioned officers were made: Oscar Gibson was elected to serve as quartermaster sergeant; First Sergeant J. O. Jones was reduced to fifth sergeant and C. P. Ruffner elected to fill the vacancy; Third Corporal Fred Hochderffer was raised to first corporal; Fourth Corporal Welch was raised to second corporal; Fifth Corporal Stout was raised to third corporal. The following appointments were made: Fourth Corporal Lovell, Fifth Corporal Cameron, Sixth Corporal Stinger.

A shooting affair in Winslow. On Friday night of last week, a cowboy named Sanders took on an overload of Winslow system rejuvenator and threatened to shoot M. J. Roach on sight. The latter was warned, and when about midnight Sanders entered Roach's saloon with the evident intention to kill Roach he was met by the contents of a double-barrelled shot gun. The shot took effect in the right side of the mouth, tearing the whole side of the face. Roach gave himself up and his examination was held Monday when he was held to appear before the grand jury in the sum of \$1000. Sanders is well known among cowmen, and when he is sober is considered a good citizen, but when in liquor he is quarrelsome. He is considered in a fair way to recover, but will be scared for life and he will probably leave his six-shooter at home hereafter.

The meeting of the Coconino Stockmen's association was held in Babbitt's hall on Monday the 7th instant. The meeting was the regular March meeting, and the election of officers the principal business. The following officers were elected for the ensuing year: S. S. Acker president, C. J. Babbitt secretary, members of the Executive committee—J. H. Bowman, W. A. Switzer and Dr. D. J. Brannen.

A general discussion of the stock interests was had by the members present. This association is a strong one, and its members are taking a lively interest in it.

A special meeting will be held on Saturday April 16, at which time the subject of rodeos will occupy the attention of the association.

Resolutions.

At a regular meeting of the National Republican League club of Flagstaff, Arizona, held March 9, 1892, the following preamble and resolutions were unanimously adopted:

WHEREAS: In view of the loss we have sustained by the decease of our friend and associate, James Y. Crothers, and of the still heavier loss sustained by those who were nearest and dearest to him, therefore, be it

RESOLVED: That it is but a just tribute to the memory of the departed to say that in regretting his removal from our midst, we mourn for one who was in every way a true christian and upright citizen, and well worthy of our respect and regard.

RESOLVED: That we sincerely condole with the family of the deceased on the dispensation with which it has pleased the Divine Providence to afflict them, and commend them for consolation to Him who orders all things for the best, and whose chastisements are meant in mercy.

RESOLVED: That this heart-felt testimonial of our sympathy and sorrow be forwarded to the family of our departed friend by the secretary of this meeting.

Taken for a Crank.

A semi-fiendish delight often seems to possess people of strong nerves in sneering at those with weak ones. The irritability of the nervous hypochondriac is ridiculed as natural ill temper, the very genuine and distressing symptoms from which he suffers are made light of. "He" or "she is a crank!" is the cheerful sort of sympathy with which the nervous invalid meets from the unfeeling and the thoughtless. At the same time no complaint is more defined and real, none has a more easily explainable origin when it is chronic. Imperfect digestion and assimilation are always accompanied by nervous debility and anxiety. Build up the powers of assimilation and digestion with Hostetter's Stomach Bitters, and nervous symptoms, sick headaches and a generally feeble condition of the system are remedied. Remember that fearful ravages are produced by legelippe among weakly nervous people. Hostetter's Stomach Bitters cures it, and prevents malaria, rheumatism and kidney complaint.

Wedding at Winslow.

Rev. N. F. Norton made a special trip to Winslow this week, his chief business being to perform the marriage ceremony for two of Winslow's most esteemed young people, Mr. Henry Heid and Miss Edie Sterner, who were united in the holy bonds of matrimony at 10 o'clock Wednesday morning March 9, at the home of the bride's sister, Mrs. Killen. It was a quiet affair, only the bride's own people and Mr. Ritcher, who was groomsmen, and Miss Sloan, bridesmaid, Miss Sterner, Rev. G. E. Pooler and N. F. Norton, the officiating clergyman, being present.

The bride received a number of nice presents. After a sumptuous feast, the happy couple left on the 1 o'clock train for Los Angeles, where they go for a short honeymoon. They have the best wishes of all their friends.
